CHAIRMANS RESPONSE TO LWV PRESS RELEASE 8/27/2024

Park County Republican Central Committee Chairman David B. Wissel's statement regarding the League of Women Voters of Park County, and their proposed debates and ground rules.

"The LWV chose to establish the rules and set the dates for their forums without discussing with the Park County Candidates and receiving their agreement to participate. Their format as stated is unacceptable. They were not open to negotiating a mutually agreeable, truly non-partisan structure. Lastly, LWV demand they solely own the video and rights to the content of the forums. No one may own the words of our Republican candidates. Only they can have control of their words and images."
